

Name \_\_\_\_\_  
Teacher \_\_\_\_\_

Match the science vocabulary to its definition by writing the vocabulary words on the line next to its matching definition 

abiotic  
acclimate  
accuracy  
acquired traits  
adaptation  
advantage  
anemometer  
apparent  
aquifer  
atmosphere  
balanced force  
barometric pressure  
biomes  
biospheres  
biotic  
brain  
carnivores  
cause & effect  
chemical reaction  
circuits  
circulation  
cirrus cloud  
classify  
climate  
cold front, warm front  
community  
competition  
condensation  
conductors  
conservation  
consumer  
control group  
convection  
cumulus cloud  
data  
data analysis  
decomposer  
decomposer

deposition  
design engineer process  
distance  
diverse  
dormant  
drought  
ecosystem  
elevation  
energy  
environment  
equator  
erosion  
evaluate  
evaporation  
evidence  
exoskeleton  
experiment  
explanation  
external  
extinct  
feedback  
fog  
force  
fossil  
fossil fuel  
fossil record  
fossil record  
friction  
Full, New, Crescent, Half  
gas  
geosphere  
gills  
glacier  
gravity  
greenhouse effect  
habitat  
heart  
herbivore  
hibernate  
humidity  
hydroelectric  
hydrosphere  
igneous  
impact  
inclined plane  
inference  
inherit  
instincts  
insulators  
interdependent  
latitude  
lever  
life cycle  
liquid

lithosphere  
lungs  
magnifying glass  
matter  
measurement  
metamorphic  
migrate  
mineral  
mixture  
moon phases  
motion  
natural gas  
natural resources  
nimbus  
nonrenewable resource  
observation  
omnivores  
opaque  
orbit  
organism  
Pangaea  
particle  
photosynthesis  
physical change  
pollution  
population  
precipitation  
precision  
predator, prey  
procedures  
producers  
prototype  
pull  
pulley  
pure substance  
push  
radiation  
rain gauge  
rain, sleet, hail, snow  
reference point  
renewable resource  
reservoir  
revolve, rotate  
salinity  
screw  
sedimentary  
shadow  
skeleton  
solar  
solar system  
solid  
solution  
sound  
speed

star  
states of matter  
stratus cloud  
sublimation  
sun  
sun  
sun's position  
survive  
symbiosis  
telescope  
terrarium  
thermometer  
tides  
translucent  
transparent  
unbalanced force  
unevenly  
universe  
variable  
variation  
velocity  
volcanic eruption  
weather  
weather vane  
weathering  
wedge  
wheel & axle
