

Hello everyone, I'm Kevin Sollenberger, the art teacher for Miller Park Elementary. I hope you and your family are well and keeping busy. I'll be putting together lessons plans each week to help keep your Simba artistically engaged. The art department of Omaha Public Schools has made an agreement with Davis Publications. All elementary OPS students have access to the Davis Publications e-books so I'll be creating lessons based on those materials. The web address is <https://ops.davisartspace.com>. Log in with user name el4, the password is ops. From there find grade level text and page of the lesson. I've listed most materials as paper, pencil, and crayons, but I'm very flexible on whatever materials are used. If your student has other art materials available, they are free to use those instead of what I have listed. If there are any questions from parents or students, I check my email frequently and will respond in less than 24 hours. [kevin.sollenberger@ops.org](mailto:kevin.sollenberger@ops.org). If possible, take a picture of the finished project and send it to me for feedback. Please stay safe and take care of each other. I'm looking forward to seeing my students when we return.

### **Art assignments for the week of 4/27/20-5/01/20**

K p. 54 Read the directions. Following up on last weeks project about patterns create a composition using a few repeated shapes.

1<sup>st</sup> p. 22 Read the directions. Create an animal using textures. Try to be original, work hard to create fun textures!

2<sup>nd</sup> p. 34 Read the directions. Create a portrait of someone in your home, the directions say to do a collage, but feel free to use whatever materials you like.

3<sup>rd</sup> p. 24 Read the directions. We're continuing to work with the figure, create a group of a few figures making sure they overlap.

4<sup>th</sup> p. 22 Read the directions. It's spring! All sorts of things are growing. Create a drawing of a tree. Think very carefully about texture (showing how it feels), and the different directions of the branches. Do you have a tree close by you can draw?

5<sup>th</sup> p. 22 Read the directions. Following up on last weeks project on proportion of the figure, create a genre scene. What have you been doing? All sorts of things would be good ideas. Keep in mind the correct proportion!
